

GBS TECHNOLOGY: A TEACHER'S VIEW

- Go to www.thegreatbodyshop.net
- Click on **Current Customer**
- Enter **Usercode and Password**

- ▶ **My Account** – You can register your Teacher's Guides here. Locate the serial number on the back of the Teacher's Guide and enter the first six digits (Example Serial # 131703).
- ▶ **Teacher's Guide** –If you have registered your Teacher's Guide, this is where you can view the digital version. To preview a sample, click on *Take a Peek at Our New Digital Teacher's Guide!*
- ▶ **Set Up Gradebook** - Here you will enter/find your class name and grade level. Follow the prompts to add, delete and/or update your classlist.
- ▶ **Open Gradebook** – This is where you will assign a test and/or quiz. You can also view the test results and averages once the students have completed them. To view student grades, click on **View Scores**.
- ▶ **Get Kids Started** -This function explains how to have students access our digital assessments. Select your class list and generate personalized student letters with instructions. It's as easy as that!
- ▶ **Get Parents Started** -This function explains how families can access the parent section of our website. They can view Family Bulletins, take a health survey, and access additional information and resources.
- ▶ **Monitor Test** - Here you can observe how each student is doing on the current assessment. Are they still working? Or, have they even started?
- ▶ **Email Parents** - This function is available when a teacher enters a family email address.
- ▶ **Standards Explorer** – You can view where each health education standard is met and/or identify the lessons/activities that meet a given standard.
- ▶ **Instructional Log** – This is where you can keep track of the lessons/activities taught in the program, make comments, and track the standards met throughout the year.

Other Items:

- **Take Survey**-We recommend you complete this at the end of the year. Contact your administrator to obtain the code.
- **In-Depth**-A monthly health article providing additional information.
- **Monthly Schedule**-This allows you to take a quick glance at monthly units.
- **Comments/Questions**-We want to hear from you! Please send us your questions and comments.
