NAYS: 0

The Board went into executive session at 6:15 pm and returned to an open session at 8:09 pm

2466 Superintendents Evaluation 2014-15 School year

President, Richard Pellegrin state "on behalf of the Board of Education, our Superintendent , Mr. Price meets or exceeds all areas of his evaluation. We look forward to working together to continue to move Marion County Schools in a positive direction. We are very happy with what we have been able to accomplish this year under Mr. Price's direction, and we want to keep moving forward. The future looks bright!"

Superintendent Price state "he is thankful for the Marion County Board of Education members and appreciates all of their help throughout the school year. This has been a fantastic board to work with and they have been very supportive of all the different programs and initiatives that we have tried to instill.

They have wanted us to move forward, and they really support and encourage me in my position as superintendent to bring in innovative programs and move the academics forward."

Some of the facility upgrades may seem minor, but they really do benefit the schools around the county. The window replacements, drainage work, parking lot improvements and the expansion of some of the facilities highlight the improvement projects completed throughout the 2014-15 school year. There is always room for improvement. He said in the future he would like to work toward meeting the needs of schools around the county.

As the taxpayers continue to pay down the current bond, we certainly are looking at getting some focus groups together to decide what needs the taxpayers of Marion County would be most willing to support.

We know we have middle school needs in the North Marion area, and there are some elementary needs in East Fairmont and West Fairmont.

Mrs. Thomas made a motion, seconded by Mrs. Crescenzi to adjourn at 8:37 pm.
